

📌 Summary

The powerful penetration of this product makes it easy to dissolve carbide, dust, grease, oil, etc. attached to machinery and equipment. It has excellent penetration and cleaning ability, so it penetrates quickly to the deepest part of complex equipment and equipment and exhibits strong cleaning power. The machine can be used without disassembling and assembling, saving time and money. In addition, it has a rapid evaporation power and does not require drying process. It can be used safely even during construction as an incombustible cleaner.

📌 Feature

- This is non-conductive because it is not on fire. It is low toxic and does not corrode metals and evaporates quickly, leaving no residue.
- It penetrates deeply into complicated and sophisticated machines with excellent penetration power and powerful cleaning power to quickly disassemble and clean oil, grease, dust and other foreign matter. Unlike ordinary water-soluble detergents, it does not require a drying process because it has excellent volatility at room temperature.
- It can be used during machine operation even in the case of high breakdown voltage.

📌 Main Component

- 1,1-Dichloropropane (Cas No.78-87-5), 1,1-dichloro-1-fluoroethane (Cas No.1717-00-06),
- Additive 1

📌 Uses

- Cleaning oil, grease, processing oil, dust etc. of various machine products
- Parts cleaning of motors, generators, engines, etc.
- Cleaning and degreasing of metal parts and equipment
- Cleaning and degreasing of crankcase, brake pads, cylinders, springs

📌 Storage & Handling Precautions

- Ensure proper ventilation during use.
- Avoid prolonged skin contact.
- Wear rubber gloves and goggles when using.
- When storing, avoid direct sunlight and keep it below 40 degrees.
- It should be used for rubber, plastic and paint after pre-test before use.
- For more information, see the Material Safety Data Sheet (MSDS).

📌 How to Use

- Used for spraying, brushing, dipping and ultrasonic cleaning.

📌 Packing Unit & Color

- 500grs Aerosol*20EA/Box • 20kgs Steel can Color/ Clear Liquid

📌 Manufacturer Info.

- GHI CO., LTD.
- Tel: 82-052-298-2259 Fax: 82-52-298-2550
